

WATER TAXI SERVICE NOW AVAILABLE

From April 2nd the temporary, complimentary land transport service to Onepoto and Hopuruahine that has been offered by the team at Te Kura Whenua will cease (Bookings made up until the April 1 will remain). A review of the sustainability of this service is currently taking place with considerations being the well being of Te Urewera and human interaction with her. Whilst new bookings for the land transport service will not be accepted the Te Kura Whenua team is offering a water taxi service between the start/end points of the Waikaremoana Great Walk to minimize disruption. Any land transport bookings made for after 1st April now have the option of booking this water taxi service.

Let's Care for nature!
